Lee can View the WA ratings where the users rate Public spaces and events. This information helps the council Planning team to make better decisions on developmental activities in the public spaces.

The screenshot shows a user profile icon in the top right corner. At the top, there are two dropdown menus: 'Open Space' on the left and 'Barangaroo' on the right. Below them is a section titled 'WA SCORE' with a value of '3.5'. To the left of the score is an orange circular icon with a white 'i' symbol. A large, semi-transparent callout box is centered over the content, containing the heading 'What People Say about this Space..'. Inside this box are seven items, each consisting of a checkbox with a red dot, a text description, and a green numerical rating:

Finding The Right Event

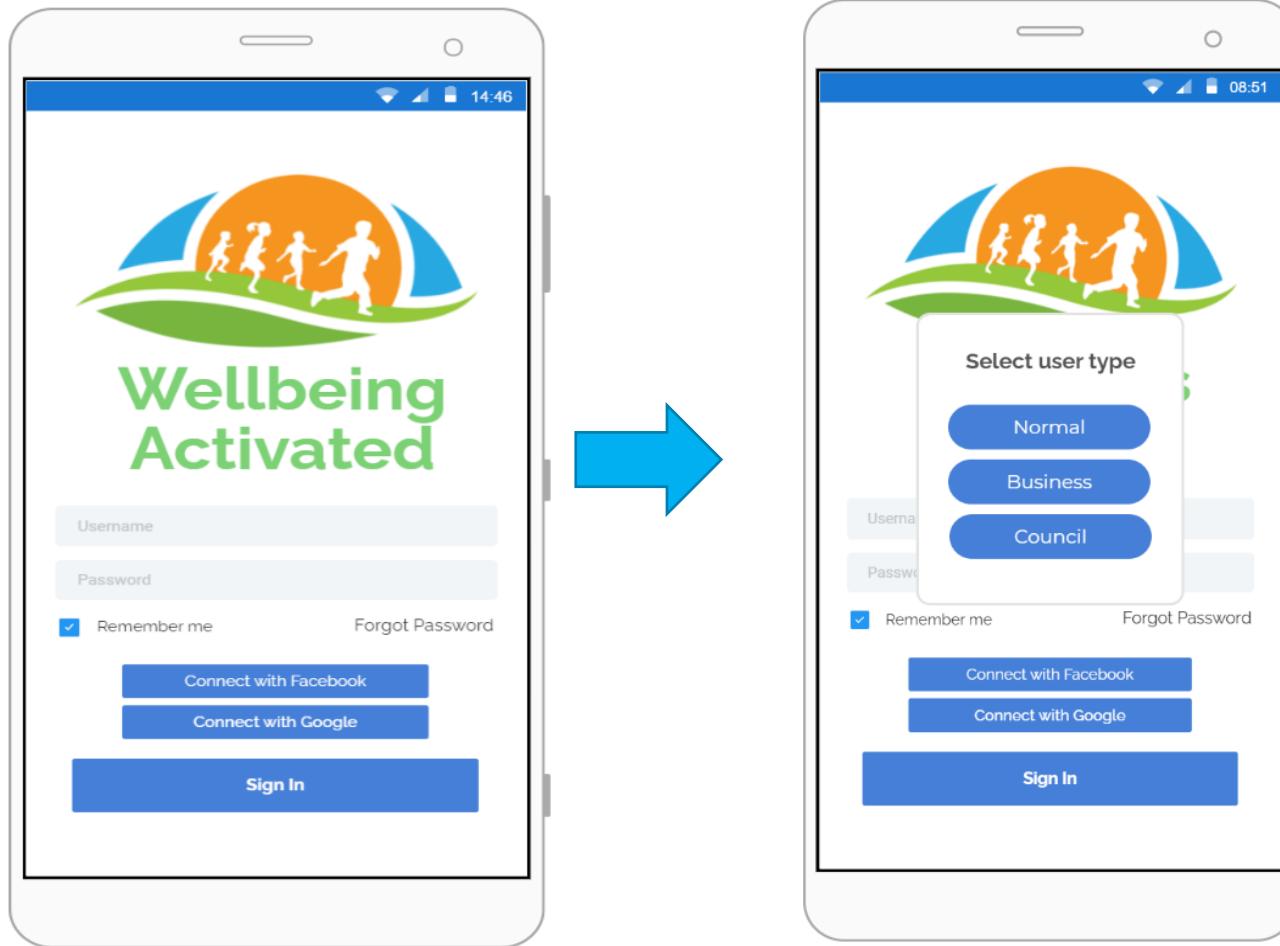

## USE CASE : VENDORS/SHOP OWNERS

## USE CASE : VENDORS/SHOP OWNERS

### CASE

Michael is a hard-working **street vendor** who has been bringing smiles across everyone's faces by selling smoothies. He realizes public places are a hotspot for citizens and he needs to leverage this to the fullest. How does he do it? **Can WA! help him?**

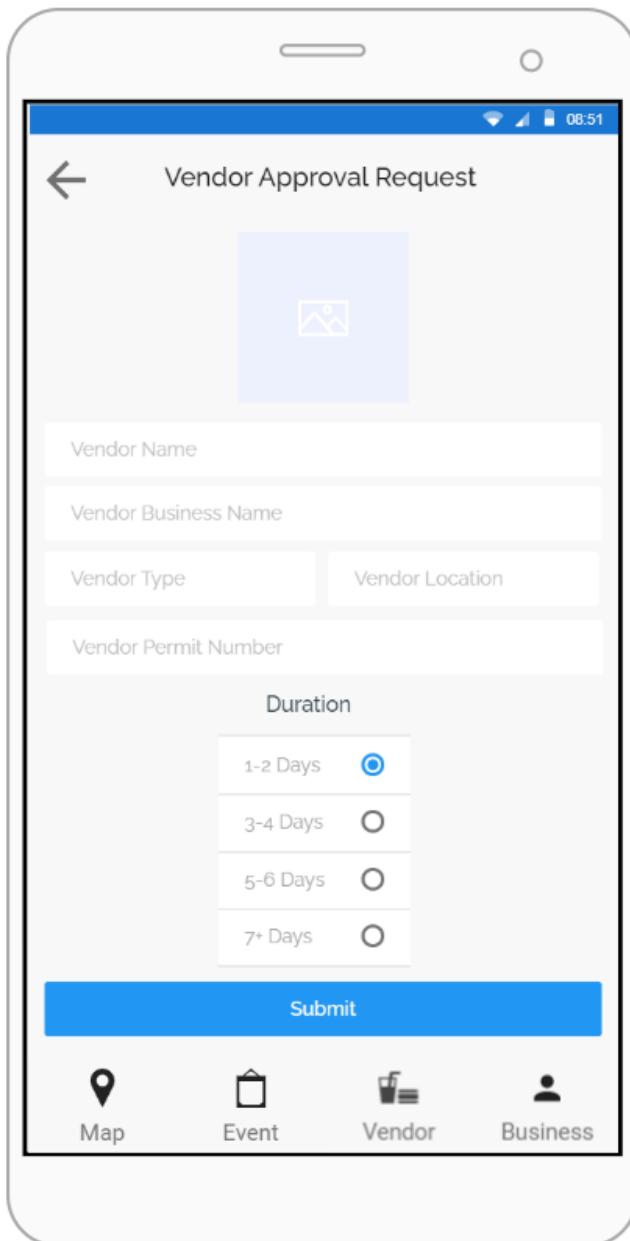

Michael signs up on WA! App via the three methods: Google account, Facebook or a simple short form.

He is then prompted for selecting user type:  
**Normal, Business , Council**  
Being a vendor , the choice seems obvious in this case: **Business**

## APPROVED

Council reviews the request and if it complies to the standards, it is accepted and notified. Safety standards as well as legal requirements are taken into consideration while evaluating. Date clashes are avoided.

## VENDOR APPROVAL REQUEST

He is then directed to Vendor Approval Request page consisting details such as :

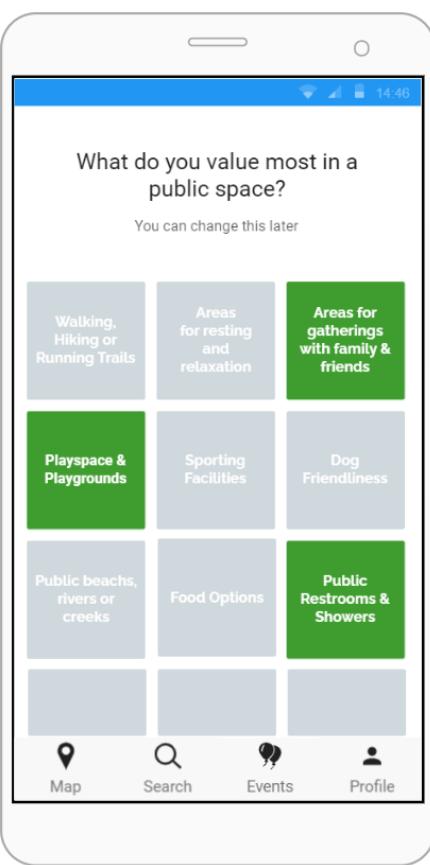

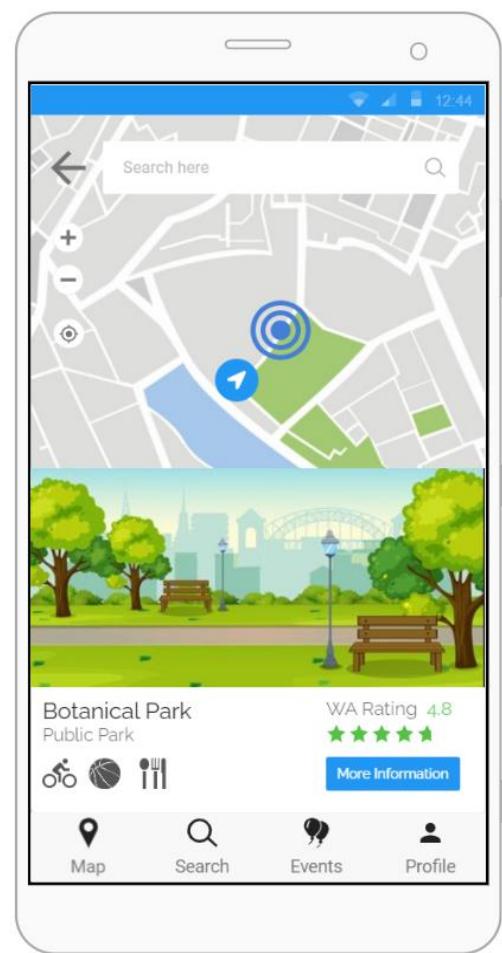

Name, Business, Type of business, Location, Permit number

He can specify the duration and select the dates on calendar.

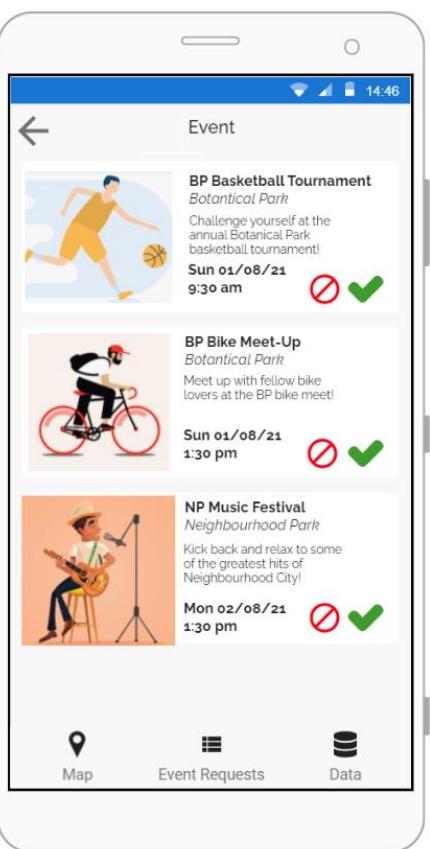

Michael fails to meet the criteria set by the council . Depending on the criticality of the declination reason, he is prompted to re-register or cancel.

## DECLINED

# Event Discovery

User preferences Page

Event  
Recommendations

- Using an algorithm that considers the user preferences, interests and demographics, recommended events will be displayed to the user
- By informing people of events that they might be interested in, the WA! app incentivizes people to visit public spaces and partake in community events

Just the Right Amenities

# Amenities That are required

## What's important for Sydneysiders?

### 01 Personal Journey

People prefer to enjoy experiences on foot; visiting destinations, exercising and exploring.

### 02 Personal Choice

Sydneysiders prefer spaces that require no membership or schedule for use. This provides flexibility for people to organise activities as they please.

### 03 Diverse Expression

Spaces that provide opportunity for a variety of recreation activities are appreciated.

### 04 Inclusive Recreation

Improving universal access ensures everyone can collectively enjoy the outdoors, regardless of age, cultural background or physical ability.

### 05 Competing Priorities

When the opportunity for recreation arises, it's important to know it will be available.

We have Analysed the Survey For Sydneysiders and the WA! Algorithm and approach is customised to the preferences of the Sydneysiders

# Covid Appropriate Behaviors

Drive

- Drive Covid safe behaviors while excise

Raise

- Raise awareness

Adjust

- Adjust it based on the local health advice

Keep

- Keep safe distance

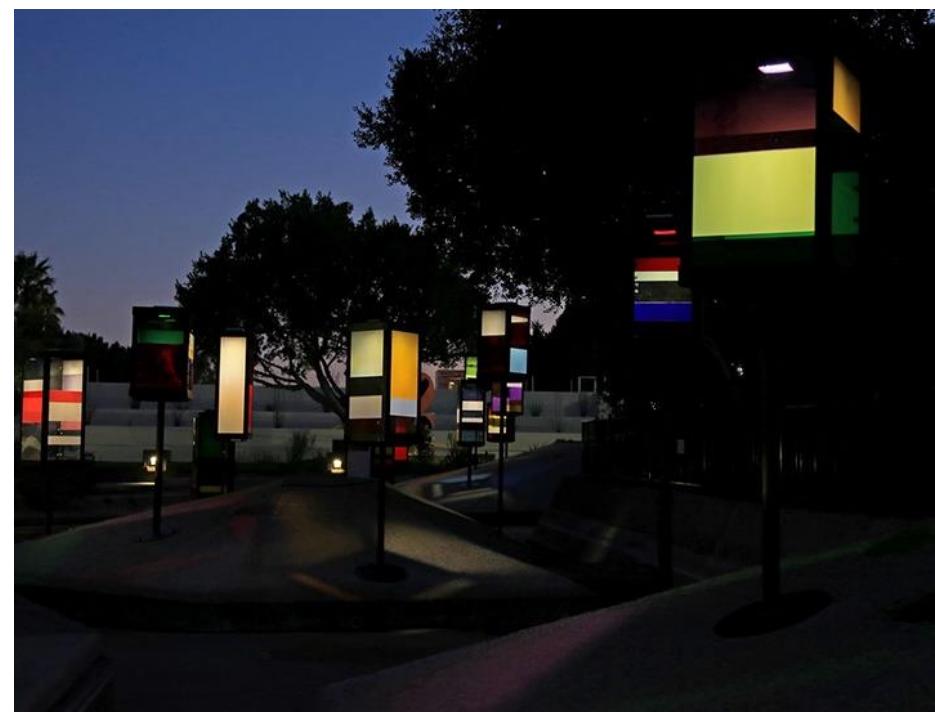

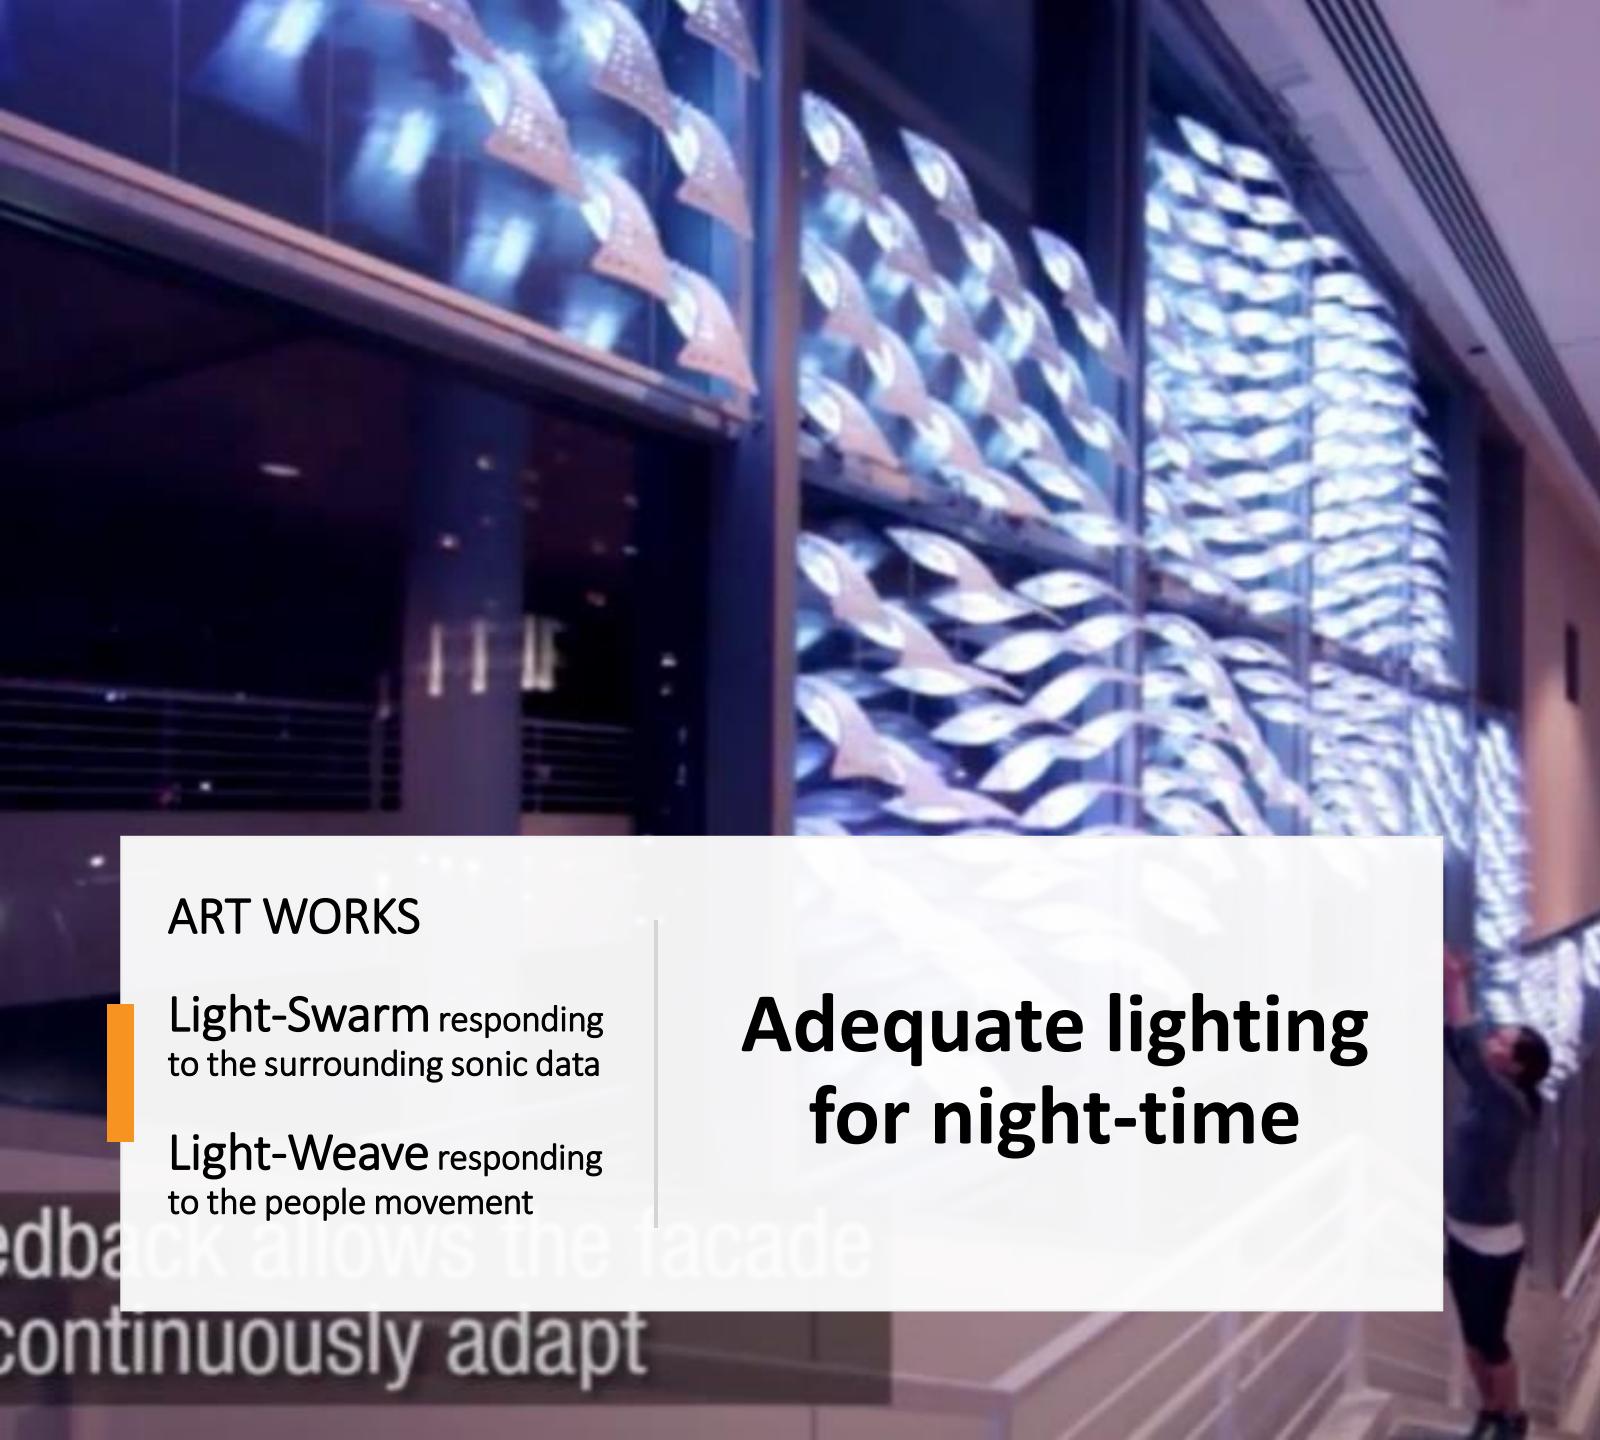

## ART WORKS

Light-Swarm responding  
to the surrounding sonic data

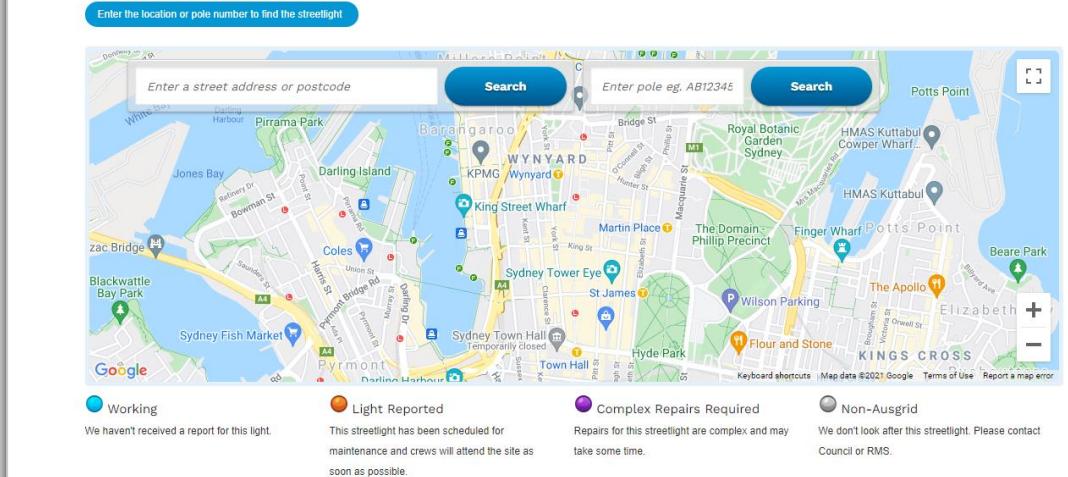

Light-Weave responding  
to the people movement

**Adequate lighting  
for night-time**

# Availability of Adequate Street Light

Using Ausgrid Map to find street light condition and report any faults

# Walking Hiking Jogging

During pandemic, people can utilize public spaces like park, national reserve to walk, hike and jog.

WA can help people to quickly locate appreciate places nearby within 5km radius (current health policy)

## Socializing in open places

- Amenities can serve different age groups
- Promote gathering
- Kid friendly
- WA App will tag all these places for easy searching

# Swimming, arts boards

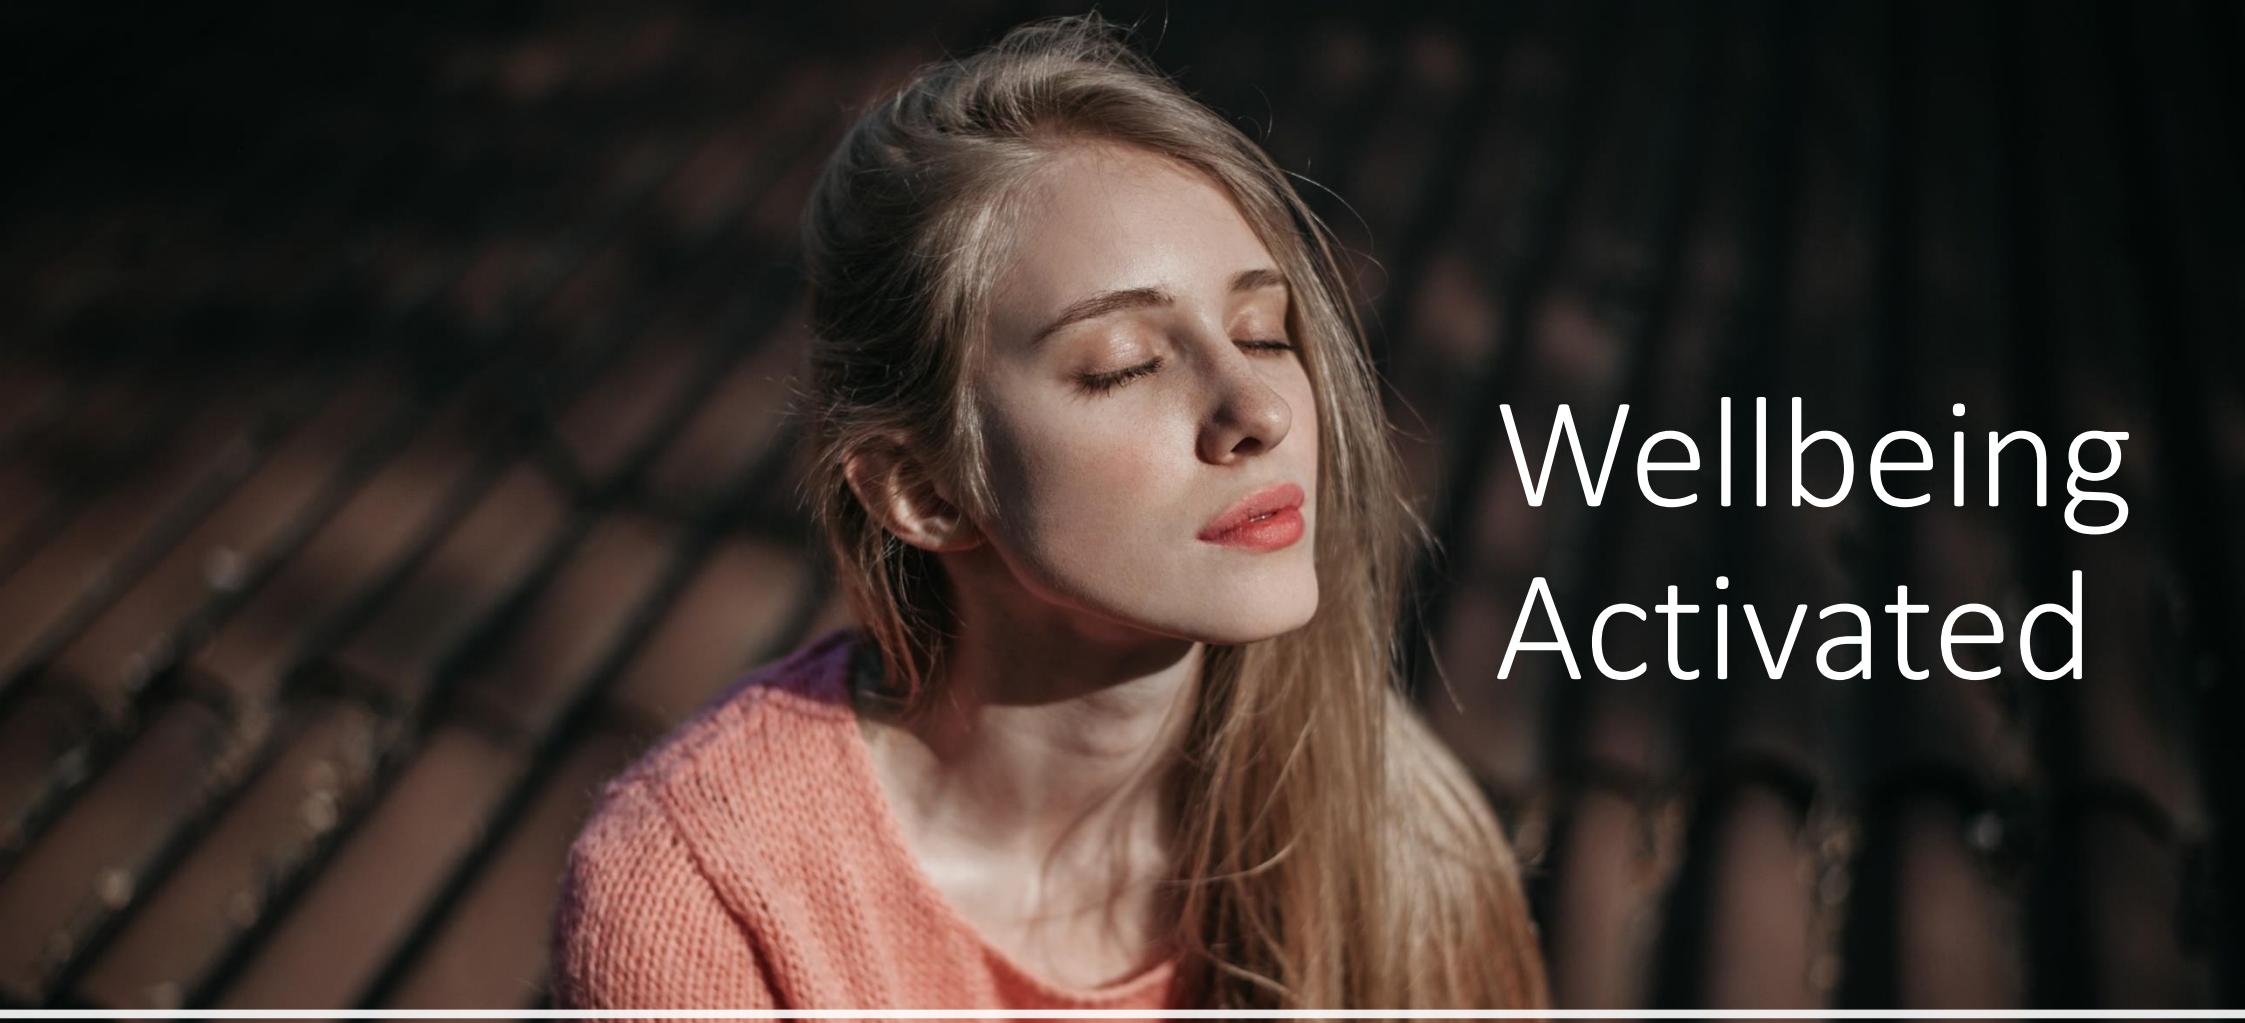

Swimming pool, creative arts boards can be popular for our closed-knitted community

WA App can help you organize event and push notification to people who are interested.
